

Environmental Sustainability Policy

Environmental sustainability policy outlines the institution's commitment to reducing its environmental impact and promoting sustainable practices. It is our responsibility to conserve natural resources to support health & wellbeing. Our college is committed to minimize the impact of our activities on the environment and dedicated to playing our part in making the world a more sustainable and comfortable place. Since 1973, the college has always had sustainable initiatives at the core of all activities. The college has continued to invest in sustainable practices and initiatives to achieve a human-environment coexistence model. We strongly believe that our concerted continuous efforts would surely enlighten our students and society to carry forward the practices of sustainability. We recognize that environmental degradation and climate change are significant global challenges that require immediate action. As a result, we have developed the following objectives to guide our efforts:

- To protect and conserve natural resources and ecological systems within and beyond the campus.
- To promote, monitor and improve environmental practices.
- To integrate environmental concern with policies and programs for social development.
- To reduce our energy consumption and transition to renewable energy sources.
- To ensure the sustainable use of available resources to meet the needs of present and future generations.
- To increase awareness of environmental responsibilities among its staff, students and society and seek the adoption of environmental good practice.
- To maintain all buildings and grounds on campus in an eco-friendly manner.
- To reduce the carbon footprint of the institution and make the campus plastic free.
- To transform the college landscape into a greener campus.
- To implement plantation and cleanliness drives within and beyond college campuses.
- To reduce our waste generation and increase our recycling and composting rates.

स्नातकोत्तर महाविद्यालय रानीखेत
जिला अल्मोड़ा, उत्तराखण्ड

SSJDWSS Government Post Graduate
College Ranikhet (Almora) Uttarakhand
NAAC Accredited B Grade

We are committed to implementing and continuously improving this policy to ensure that our college maintains environmental sustainability. We recognize that achieving our sustainability goals will require the collective effort of our entire community, and we look forward to working together to create a more sustainable future.
